Messages with Alex Rivera

18 messages · Mar 3, 2026 – Mar 13, 2026

Between	Sam Carter, the owner (name typed in) · (555) 010-2245, typed in by the owner Alex Rivera, as shown on screen · (555) 014-8831, from the recording (see the frames)
Dates	Mar 3, 2026 at 6:12 PM to Mar 13, 2026 at 6:06 PM (days and years Messages didn't show were worked out from the recording date)
Messages	18 in all. 17 have their exact time. 1, marked *, has only the section time Messages showed above it.
Pictures	1 photo, not printed here; its place is marked
Source	Screen recording on the owner's iPhone, 6 min, 41 sec, made Nov 11, 2026 at 11:42 AM (the file's own date)
Fingerprint	Source SHA-256 9f2c41d80b7e5a13… (in full on the last page)
Changes	None made by the owner in Kept
Made with	Kept 1.0 on iPhone, Nov 13, 2026 at 11:43 PM
	All times are Eastern Time.

Kept read this record from a screen recording on the owner's iPhone. It holds only the messages that appeared on screen in the recording; it may not be the whole conversation. The fingerprint identifies the recording this PDF was read from; it doesn't prove the recording is genuine or complete. Nothing here is certified by Kept or by any court.

SAMPLE

* Exact time not captured. The Messages app showed one time above each section of texts, so this text was sent at or after it.
Dates Messages showed as Today, Yesterday or a weekday, and missing years, were worked out from the day of the recording (Nov 11, 2026).

Changes made by the owner

Every change the owner made to what Kept read is listed here. Kept didn't mark any line as unsure.

- No changes. Every line is as Kept read it.

Fingerprint

A fingerprint (SHA-256) is a code worked out from a file. If the file changes at all, the code changes. This is the code of the recording Kept read. Run any SHA-256 tool on a copy of it to check it's the same file.

Source	9f2c41d8 0b7e5a13 c6d2f0e8 b4a97c1e 35d60f2a 8be71c94 d03f5e2b 6a18e41a (spaces added for reading)
Recorded	Nov 11, 2026 at 11:42:00 AM (the file's own date)

Check against the original file. Sending or re-saving it (by Messages, Mail or Photos) can change it, and then the code won't match.
